

PROFESSIONAL SUMMARY

Results-driven Full Stack Developer with **2.3 years** of experience in building **scalable web applications** using **React.js, Next.js, Node.js, MongoDB, and SQL**. Skilled in **API development, cloud integration, and database optimization**, with a strong focus on **performance and user experience**. Adept at problem-solving and collaborating with cross-functional teams to deliver efficient, maintainable solutions.

TECHNICAL SKILLS

- Frontend:** React.js, Next.js, HTML5, CSS3, Bootstrap, Reactstrap, Redux
- Backend:** Node.js, Express.js, RESTful APIs, SQL, MySQL, PostgreSQL, MongoDB
- Cloud & Tools:** AWS (S3), Docker, Git, Socket Programming
- Other:** Google Maps APIs, JWT Authentication, Data Structures & Algorithms

PROFESSIONAL EXPERIENCE

Zooper Technologies Pvt Ltd | Aug 2023 – Present  
Software Developer

- In my role as a **Fullstack Developer**, I have built intuitive user interfaces and developed impactful web applications using React, Next.js, JavaScript, HTML/CSS, Bootstrap, and Reactstrap..
- I have Built scalable APIs and microservices with **Node.js, Express.js**. Integrated AWS for security, data storage, and real-time communication. seamlessly integrated cloud services like AWS (S3), and implemented real-time communication features through socket programming and Google Maps APIs
- I also designed and optimized **complex database schemas**, ensuring high performance and scalability. Also implemented **JWT**. To enhance product security.
- My role involved close collaboration with **cross-functional teams** to deliver **robust, reliable solutions** while ensuring **optimal coding practices** and creating **developer-friendly, maintainable code**..

Spring Computing Technologies Pvt Ltd | Jan 2023 – July 2023  
Junior Software Developer

- Built **responsive UIs** using **React.js, HTML/CSS, Bootstrap**.
- Assisted in backend development with **Node.js, Express.js**.
- Optimized **SQL databases** for efficient data handling.

PROJECTS & ACHIEVEMENTS

Business Intelligence Dashboard

- Developed a **React & Node.js dashboard** with **Sequelize ORM**.
- Optimized API performance by 40%**, integrated **dynamic visualizations**, and implemented **role-based access control**.

Grievances System

- Built **secure APIs** for a government project enabling civilians to raise concerns.
- Implemented **JWT authentication** and **AWS storage** for data security.

Car Pool Platform

- Developed a **ride-sharing service** with **real-time location tracking**.
- Increased ride-matching efficiency by 15%**, improving user engagement.

EDUCATION & CERTIFICATIONS

- M.Sc. Computer Science** | Abasaheb Garware College (2021–2023) – **CGPA: 9.30/10.0**
- B.Sc. Computer Science** | PVG's College of Science (2018–2021) – **90.15%**
- Web Development Training** – TOP IT Institute, Pune (Dec 2021)
- C Programming Training** – Seed Infotech, Pune (May 2019)
